A Giclée Print (zhee-clay') is a fine art reproduction of an original work. Our prints are created from high resolution scans by professional digital print makers using archival inks on fine watercolor papers. This is our current collection of limited edition prints.

Ginny Oneil and Tom Menihan live and work in the Boston neighborhood of Jamaica Plain. In the winter they are resident artists at Jakes in Treasure Beach, Jamaica. Hundreds of framed paintings and prints hang at Two Boats Gallery, their Boston home/studio. **OVER PLEASE**
